Reuse-a-Palooza is back- with more events!

Westchester's yard sale bonanza and reuse festival is back on September 23 - 24, 2023!

As we learned in Kent Taylor's July presentation, "Our Climate Crisis," landfills are **among the nation's largest sources of methane**, a greenhouse gas far more potent than carbon dioxide. Your participation will keep useful items out of the landfill and in circulation, helping to mitigate the climate crisis.

This year, we are looking forward to expanding this event and giving residents more ways to save their cash and reduce their trash. Below are highlights from partner events that we've got lined up as part of our festival of reuse:

- **Friends of the Library Used Book Sale:** If you're looking to build your home library, drop by and pick up some new-to-you reading materials while supporting this Village asset and its community programming.

- **CAG Wholesale Upcycle Consulting and DIY:** Did you know we have a craft store in town, specializing in textiles? Bring your worn garments or accessories to CAG Wholesale and let the talented folks there dream up new possibilities for your old favorites.
